

School Schedule

SICSS-AMU/Law 2024, 17-28 June (remotely)

SICSS-AMU/Law

2024

June 11, 2024

Dear Participant!

Here is the final program for this year's SICSS-AMU/Law. All times are Warsaw time (CEST) and all meetings take place on Zoom (the link will be published on Slack). Refer to our website for Experts' bios: <https://sicss.io/2024/amu-law/people> All activities, except those marked as OPTIONAL and TA Duty Hours, are mandatory to complete the program and earn a certificate.

Before the School

Whenever you prefer – Get a mindset with Chris Bail (Duke University, founder of SICSS) asking yourself “[Why SICSS?](#)” (YouTube)

Sunday, June 16 - 18:00 – 19:00 – OPTIONAL but RECOMMENDED: Online get-together

Week I – Lectures and Workshops: June 17 – 21

Monday, June 17:

13:00 – 13:10 – Welcome & Introductory remarks from the organizers

13:10 – 14:40 – Expert lecture: David Reichel on measuring human rights through statistics

14:40 – 15:00 – Logistics

15:00 – 16:00 – Brown-bag lunch break & networking for group projects

16:00 – 18:30 – Workshop – Natural Language Processing: Exploring the secrets of text analysis by Mateusz Mroziński

18:30 – 19:00 – Feedback session

Tuesday, June 18:

13:00 – 15:30 – Workshop – ChatGPT unleashed: coding with Large Language Models by Joanna Walczak

15:30 – 16:00 – Feedback session

16:00 – 17:00 – Coffee break & networking for group projects

17:00 – 18:30 – Expert lecture: Monika Leszczyńska on experiments in law

Wednesday, June 19:

13:00 – 15:30 – Workshop – Unlocking the power of Large Languages Models: the magic of API by Martyna Osztynowicz

15:30 – 16:00 – Feedback session

16:00 – 17:00 - Coffee break & networking for group projects

17:00 – 18:30 – Neel Guha on engineering of Large Language Models in legal domain

18:30 – 19:00 – Interim survey

Thursday, June 20:

- 13:00 – 15:30 – Workshop – Coding justice: Machine Learning in judgements prediction by Kamil Szostak
- 15:30 – 16:00 – Feedback session
- 16:00 – 17:00 – Coffee break & networking for group projects
- 17:00 – 18:30 – Elizabeth Barry on computational democracy tools for research and legislation (Polis)

Friday, June 21

- 13:00 – 14:30 – Expert lecture: Marta Nawrocka-Świętkowiak & Jędrzej Wydra on the impact of political polarization on the punitiveness of criminal law
- 14:30 – 15:15 – Brown-bag lunch break & networking for group projects
- 15:15 – 17:30 – Workshop: Data Analysis: Revealing Punishments Trends in the Criminal Code through statistics by Marta & Jędrzej
- 17:30 – 18:00 – Feedback session

Saturday & Sunday - No classes, recharging batteries.

Week II – Group Projects: June 24 – 28

The second week is dedicated to participants implementing their project ideas. Groups (4-5 people) will organize their workflow independently. Teaching Assistants – Mateusz, Joanna, Martyna and Kamil – will have duty hours to help you with your code (if you need it).

Monday, June 24:

- 15:00 – 17:30 – Open space – reserved time for final pitch of the ideas for group projects and assembly of the groups.
- 18:00 – 19:30 – TA Duty Hours with Mateusz

Tuesday, June 25:

- 13:00 – 14:30 – Expert lecture and workshop: Łucja Biel on corpus study methods for boosting legal analysis
[please, create a free trial account at <https://www.sketchengine.eu/>]
- 15:00 – 16:30 – TA Duty Hours with Martyna

Wednesday, June 26:

- 14:30 – 15:30 – Interim check-in session of group projects
- 18:00 – 19:30 – TA Duty Hours with Kamil

Thursday, June 27:

- 12:30 – 14:00 – OPTIONAL: How to integrate computational methods in your grant submissions – individual consultations with Łukasz Szoszkiewicz
- 16:00 – 17:30 – TA Duty Hours with Joanna & Jędrzej

Friday, June 28:

- 13:00 – 14:30 – Presentations of the group projects
- 14:30 – 15:00 – Final remarks & group screenshot
- 15:00 – 15:15 – Closing survey

If you have any questions, problems or suggestions regarding the school feel free to write on Slack to **Paulina Klisowska**, **Jędrzej Wydra** or **Wojciech Biernacki**.
